

Diagnostic Medical Sonography and Cardiac Sonography Program Prerequisites

PREREQUISITES:		Credit Hours
ENGL 101	English Composition I	3
MATH 130	College Algebra	3
BIOL 201	Anatomy & Physiology I	4
BIOL 202	Anatomy & Physiology II	4
PHYS 101	General Physics I or Intro Physics 100 PHYS 100	3
PSYC 101	General Psychology or PSYC 201 Lifespan Develop*	3
DMSU 100	Introduction to Sonography**	2
Totals		22

*May be completed while in the DMS program but it is strongly suggested that this course be completed prior to admission in a sonography program.

The *Introduction to Sonography* class will be required to get in the Professional Component of the Sonography Program but **does not guarantee acceptance in the sonography program.

The sonography programs are limited enrollment; successful completion of the pre-requisite courses does not guarantee admission in the program.
