Department of Dental Hygiene
Local Anesthesia:
For the Practicing Dental Hygienist
Participants will receive 30 Continuing Education Credits

Local Anesthesia for the Practicing Dental Hygienist is a four-day local anesthesia course that will prepare the practicing dental hygienist to take the required board examinations and other local anesthesia certifications. The four-day course includes all the information that is taught in the semester long local anesthesia course (no information or requirements are excluded) and is completed within four days rather than an entire semester allowing the practicing dental hygienist the opportunity to receive licensure in local anesthesia. Dental Hygienists who register for the course will receive the course packet and text book on the first day of class.

About the Instructor:
Demetra Logothetis, R.D.H., M.S.

Demetra Logothetis, R.D.H., M.S., is Professor of Dental Hygiene at the University of New Mexico in Albuquerque, NM. She has been at UNM since 1986. She received her Master of Science Degree in Dental Hygiene from the University of Missouri-Kansas City in 1986, and her Bachelor of Science Degree in Dental Hygiene from the University of New Mexico in 1985. Professor Logothetis has taught local anesthesia for 17 years, and has taught the local anesthesia continuing education course for practicing dental hygienists for 14 years.

Professor Logothetis has lectured nationwide on pain control and teaching strategies. She is the author of: Local Anesthesia for the Practicing Dental Hygienist. St. Louis: Elsevier, 2012. Her textbook is focused on teaching dental hygienists how to effectively integrate local anesthesia.

Comments from her last course at BridgeValley in 2011

• “The instructor is incredible! I absolutely would take another course from her.”
• “Demetra’s attitude inspired a relaxed, confident attitude in the clinical setting.”

Space is limited – Please register by March 9th
