

**ARTICULATION AGREEMENT  
LEADING TO A  
B.S. IN NURSING  
BETWEEN FAIRMONT STATE UNIVERSITY AND  
BRIDGEVALLEY COMMUNITY AND TECHNICAL COLLEGE**

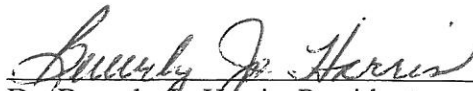

Fairmont State University and BridgeValley Community and Technical College, in order to promote the transfer of students between the two institutions seeking degrees in Nursing and thereby increase educational opportunities for students in West Virginia, establish this articulated program leading to the B.S. degree in Nursing to be granted by Fairmont State University. Upon satisfactory completion of the A.A.S. degree in Nursing at the BridgeValley Community and Technical College, after obtaining an active, unencumbered WV nursing license, and after fulfillment of Fairmont State University admission and course placement requirements, students may transfer into the BSN Program at Fairmont State University.

Fairmont State University and BridgeValley Community and Technical College agree to monitor and support the provisions of this agreement to ensure consistency, program quality, and transferability for the benefit of the students of both institutions. Fairmont State University and BridgeValley Community and Technical College agree to coordinate changes in the course content or requirements for any courses listed in the articulation agreement in order to ensure continued comparability between the courses offered on each campus. Fairmont State University and BridgeValley Community and Technical College agree to renegotiate this agreement as necessary due to changes in curriculum or graduation requirements implemented by either institution. This process will be the responsibility of the appropriate deans at both institutions.

Students pursuing the B.S. in Nursing through the articulation agreement will be bound by the curriculum sheets in effect at the time they are officially accepted into the articulated program. The attached curriculum sheets dated August 1, 2014 will be in effect until officially changed and agreed upon by both institutions. It is important to note that Fairmont State University agrees to give social sciences credit for PSC 210, Lifespan Development, for BridgeValley Community and Technical College graduates, who would be required to meet all Fairmont State University and BSN Program graduation requirements.

\* In order to count as unique general studies credit hours, courses cannot be in the Major (NURS) or duplicated (used in more than one category). Courses can only be used twice.

\*\*Gray rows indicate categories that will need to be fulfilled by BridgeValley graduates.

\*\*\*PSY 210 is credited in the Social Sciences category as part of the articulation agreement, even though it does not appear on that list.

## Notes:

- Students will need ENGL 1108, if they did not take ENG 111; Speech 100 would count as COMM credit if that is the course they chose to take.
- Students would need enough free electives to obtain the 120 total hours to graduate.
- Developmental courses <1000 level cannot be counted toward graduation credits.
- Requests for general studies exceptions should be directed to the FSU Registrar.
- Request for statistics or management course acceptance should be directed to the nursing department.
- NURS 3320 and NURS 3340 are the only BSN Nursing classes that can be taken without a WV nursing license.
- All credits toward graduation must be completed prior to or concurrently with NURS 4440 Nursing Practicum.
