

## Next Steps:

# Admission and Enrollment Process

***Hello New Pathfinder!*** We are genuinely excited to have you join our community of scholars. Please take a moment to review this document as it outlines all of the steps necessary to solidify your enrollment at BridgeValley.

Please note that in order to be fully admitted to BridgeValley, official high school transcripts, official GED/TASC transcript and/or official transcripts from all previous colleges attended must be submitted to the Admissions Office. This is vital in order to ensure that you fulfill all required coursework and do not take any classes that you may receive credit for from prior learning experiences. (In the coming weeks, watch your email for a letter from the Dean of Students Office that will give you further information.)

## ACCEPTED!!! What's Next? ...
