

# Reduce Costs

This cost comparison is based on 2014 Cost of Attendance figures required annually by the Department of Education. This chart reflects the costs for a two-year Associate's Degree versus a four-year Bachelor's Degree. The tuition and fees are based on a WV resident, not living with parents.

The median salary data in this publication is supplied by Economic Modeling Specialists International historic labor market information, which is compiled from 90+ data sources, and updated quarterly to ensure the most precise regional figures. Median salary figures represent all careers postings in BridgeValley service region.

Industrial  
Piping Design  
Technology

A piping system transports various gases and liquids from one place to another. Piping systems are used in buildings to move air throughout the premises and in petroleum distillation, chemical processes and paper pulping among other industrial uses.

Piping designers create the drawings for the operation, construction and layout of the system of pipes. For those wishing to become a piping designer, it is necessary to learn computer-aided drafting (CAD) at a 2-year postsecondary school.

## Potential Careers & Salaries

A piping designer creates the drawings for the operation, construction and layout of the system of pipes. For those wishing to become a piping designer, it is necessary to learn computer-aided drafting (CAD) at a 2-year postsecondary school. Job titles may include:

Description	Median Salary/Hour
Architectural and Civil Drafters	\$22.30
Electrical and Electronics Drafters	\$25.45
Mechanical Drafters	\$20.02
