## **BridgeValley Community and Technical College**

**EDGE Credit Equivalency (Revised November 2020)** 

| #   | WVEIS        | Career Center Course Name                             | Credit<br>Hours | Corresponding College Credit                         |
|-----|--------------|---|-----------------|--|
| 1.  |              | Completion of 2 CTE courses in any subject            | 3               | General Elective                                     |
| 2.  |              | Completion of 4 CTE Courses in any subject            | 3               | General Elective                                     |
| 3.  | 1692         | A+ Certification: Hardware                            | 4               | INFT 110 (if WVEIS 1692 + 1693 with IE5 version)     |
| 4.  | 1602         | Air Conditioning Applications                         | 3               | Tech Elective (DESL, BDAC)                           |
| 5.  | 1981         | Arc Welding   | 3               | WLDT 111 with cert.                                  |
| 6.  | 1625         | Brakes  | 2               | DESL 241   |
| 7.  | 1413         | Business Computer Applications II                     | 3               | ATEC 250, 255, 260, and 265 (with MOS certification) |
| 8.  | 1003<br>1004 | Child Specialist I & II                               | 3               | EDUC 101   |
| 9.  | 1008<br>1009 | Child Specialist III & IV                             | 3               | EDUC 120   |
| 10. | 1644         | CCNA: Switching, Routing, Wireless Essentials         | 4               | INFT 132 or current CCNA /CCENT certification        |
| 11. | 1646         | CCNA: Enterprise Networking, Security, and Automation | 4               | INFT 231 (with current CCNA cert.)                   |
| 12. | 1642         | CCNA: Introduction to Networks                        | 4               | INFT 131 or current CCNA/CCENT cert.                 |
| 13. | 1728         | Computer Aided Drafting (CAD)                         | 3               | DRFT 125   |
| 14. | 1742         | Diesel Equipment Electrical Systems                   | 3               | DESL 121, 122, 123                                   |
| 15. | 1745         | Diesel Preventative Maintenance & Inspection          | 1               | DESL 250   |
| 16. | 1749         | Diesel Truck Chassis Concept                          | 2               | Technical Elective (DESL)                            |
| 17. | 1721         | Drafting Specialization, Architectural                | Up to           | Technical Elective (CIET, ECET, or MEET)             |
| 18. | 1725         | Drafting Specialization, Mechanical                   | Up to           | Technical Elective (CIET, ECET, or MEET)             |
| 19. | 1727         | Drafting Techniques                                   | Up to           | Technical Elective (CIET, ECET, or MEET)             |
| 20. | 0720         | ECG/Phlebotomy  | 2               | ALHL 101 (with Phlebotomy cert.)                     |
| 21. | 1724         | Electrical/Electronic Drafting                        | 2               | Technical Elective (CIET, ECET, or MEET)             |
| 22. | 1627         | Electrical/Electronic Systems                         | 2               | Technical Elective (DESL)                            |
| 23. | 1629         | Engine Performance                                    | 2               | Technical Elective (DESL)                            |
| 24. | 1631         | Fundamentals of Automotive Technology                 | 2               | Technical Elective (DESL)                            |
| 25. | 1729         | Fundamentals of Drafting                              | 3               | DRFT 125   |
| 26. | 1985         | Fundamentals of Welding Technology                    | 2               | Technical Elective (MEET or WELD)                    |

| #   | WVEIS | Career Center Course Name               | Credit<br>Hours | Corresponding College Credit                                |
|-----|-------|---|-----------------|---|
| 27. | 1987  | Gas Metal Arc Welding                   | 3               | WLDT 131 or Technical Elective (BLST, MEET)                 |
| 28. | 1989  | Gas Tungsten Arc Welding                | 3               | WLDT 141 or Technical Elective (BLST, MEET)                 |
| 29. | 1718  | Introduction to CAD                     | 1               | DRFT 125 or Technical Elective (CIET, ELET, MEET)           |
| 30. | 1031  | Introduction to Criminal Justice        | 3               | CRJU 101  |
| 31. | 1698  | Linux Essentials                        | 3               | INFT 140  |
| 32. | 1634  | Manual/Automatic Drive Train Axles      | 2               | Technical Elective (DESL)                                   |
| 33. | 0734  | Medical Assistant Advanced Pharmacology | 2               | ALHL 110  |
| 34. | 0721  | Medical Terminology                     | 2               | ALHL 105  |
| 35. | 1722  | Piping Systems Drafting                 | 2               | Technical Elective (CIET, EET, or MEET)                     |
| 36. | 1771  | Rotating Devices & Control Circuitry    | 3               | PWPT 107  |
| 37. | 1696  | Secure Network Essentials               | 3               | ISST 250 (with Security+ cert. or test out of Security Pro) |
| 38. | 1695  | Server Essentials                       | 3               | INFT 121 (with Server+ cert.)                               |
| 39. | 1993  | Shielded Metal Arc Welding              | 3               | WLDT 121  |
| 40. | 1726  | Structural Steel Drafting               | 3               | DRFT 204  |
| 41. | 1637  | Suspension & Steering Diagnosis         | 2               | Technical Elective (DESL)                                   |
| 42. | 1709  | Technical Computer Applications         | 3               | GNET 107 or GNET 108  |
| 43. | 1711  | Web Development & Support               | 3               | CSCT 130 & CSCT 131   |
| 44. | 1864  | Welding III                             | 3               | WLDT 121  |
| 45. | 1865  | Welding IV                              | 3               | WLDT 151  |
| 46. | 1697  | Wireless Network Essentials             | 3               | Technical Elective (INFT)                                   |

- The process of having EDGE credits evaluated and placed on a BridgeValley transcript must begin within 2 years of the student's CTE completion and/or graduation.
- Credits will not be placed on a transcript unless the student is registered for BridgeValley classes and the date for withdrawing has passed.
- EDGE credits can be applied to a certificate-level or associate-level credential. Students must either graduate or complete the next sequential course within 4 years of enrollment or their EDGE credits may not be recognized.
