

**AGREEMENT BETWEEN
WEST VIRGINIA STATE UNIVERISTY AND
BRIDGEVALLEY COMMUNITY AND TECHNICAL
COLLEGE**

**Leading from Associate in Applied Science in Criminal
Justice to Bachelor of Science in Criminal Justice**

I. INTRODUCTION

This agreement establishes a formal academic transfer mechanism between BridgeValley Community and Technical College and West Virginia State University. Its purpose is to promote and facilitate the transfer of academic credit for specified courses taken by students while enrolled at BridgeValley Community and Technical College who desire to enter into the baccalaureate degree program in Criminal Justice offered by West Virginia State University.

II. TERMS OF THE AGREEMENT

Under the terms of this agreement, BridgeValley Community and Technical College agrees to join with West Virginia State University to provide for enhanced educational opportunities for their students. This agreement will enable academically qualified students to pursue a Bachelor of Science degree in Criminal Justice in conjunction with the completion of an Associate in Applied Science degree in Criminal Justice at BridgeValley Community and Technical College. BridgeValley Community and Technical College agrees to offer courses that are academically equivalent to the lower division requirements (i.e., freshman and sophomore levels) of the Bachelor of Science in Criminal Justice degree. The offering of courses is subject to the proviso that such course offerings can be economically justified through sufficient student enrollment at each of the respective institutions.

West Virginia State University agrees that whenever any of the courses listed on the enclosed Attachment are taught at BridgeValley Community and Technical College by suitably qualified faculty members, such courses shall be adjudged as being academically equivalent to the corresponding component courses indicated at West Virginia State University, and meet the appropriate Bachelor of Science in Criminal Justice degree requirement.

This agreement shall become effective on the first day of APRIL 2024. It shall be jointly reviewed annually by representatives of each institution prior to the anniversary date of the agreement. The review shall be conducted by each institution's respective deans or their designees. Continuing coordination between annual reviews shall be encouraged.

The purpose of the annual review shall be to ensure that the academic content and quality of all courses offered by BridgeValley Community and Technical College are comparable to the corresponding courses regularly offered by West Virginia State University.

III. DUTIES & RESPONSIBILITIES

BridgeValley Community and Technical College agrees that faculty teaching those courses, which are part of this transfer agreement will have the proper Higher Learning Commission specified qualifications to teach the course indicated.

West Virginia State University agrees that students graduating in good standing at BridgeValley Community and Technical College, successfully completing the Associate in Applied Science in Criminal Justice degree will be admitted to the Bachelor of Science in Criminal Justice with junior status.

West Virginia State University will accept the application and official transcript and will grant transfer credit for those courses shown in the enclosed Attachment toward the Bachelor of Science in Criminal Justice degree. If the student has credits for courses which are not part of this agreement, but for which the student wishes to be granted transfer credit, an application for transfer credit for those courses must be made to West Virginia State University. This application will be evaluated based on the transcript(s) from the institution(s) at which the courses were originally taken.

Students who have not completed all the courses outlined in this agreement may make an individual application to West Virginia State University. In these cases, the application will be evaluated, and transfer credit granted based on the transcript(s) from the institution(s) at which courses were originally taken and according to transfer credit policies in effect at the time. Both colleges will encourage and promote completion of the associate degree prior to transfer.

Courses completed at West Virginia State University may be used within graduation guidelines for BridgeValley Community and Technical College to complete reverse transfer and award of certificates, diplomas, and degrees from BridgeValley Community and Technical College. Both institutions agree to share transfer data and student success data to be used in joint assessment activities and agreement evaluation processes.

West Virginia State University and Registrar's Office and BridgeValley Community and Technical College will maintain communication to promote seamless reverse transfer.

IV. TERMINATION

Either institution may terminate its participation in this agreement by submitting written notification to the other institution at least three months prior to termination, but subject to the stipulation that such termination shall not become effective until the end of the then current academic semester at the terminating member's institution. Students currently enrolled will be given up to four academic years to complete their program of study.

V. ADMENDMENTS TO THIS AGREEMENT

West Virginia State University and BridgeValley Community and Technical College agree that this agreement constitutes the sole, full and complete agreement between these institutions. No amendments, changes, additions, deletions or modifications to or of this agreement shall be valid unless reduced to writing, signed by each institution's representative, and attached to this document.
