- *Medical Equipment*
- *Patient Vital Signs*
- *Social And Emotional Support*

The Nursing Assistant course prepares individuals for an entry-level position in the health care field. Graduates work closely with patients under the supervision of a registered nurse. The nursing assistant provides important information on patient conditions to nurses and is vital to daily operations of a skilled nursing facility, home health organization, or hospital.

Students must pass a drug and back ground screening to complete the clinical requirements and take the state registry exam. Attendance in all classroom and clinical instructional hours is mandatory.

Cost: \$1,955

Includes 65 hours of classroom instruction, 55 hours of clinical instruction, textbooks, state registry exam, student uniform, drug screening, background check, required immunizations and all materials and supplies.

***This class is approved for 3 hours of college credit.
(A posting fee of \$25 per credit course applies)***

***This course meets all West Virginia state code requirements
for the certified nursing assistant registry.***

Financial aid available for those who qualify.
