City, State:	South Charleston, WV
Institution:	BridgeValley CTC
Discipline:	Youth Development
Course you seek to partner:	Youth, Development, Wellness
Course level (1 st yr., 2 nd yr., etc.):	
Summary of the course content: (up to 50-words)	This course provides students with a comprehensive understanding of at risk factors of the youth population (nutritional, health and physical activity requirements). Students will gain an understanding of how the environment, social factors, and prenatal factors play an important role on mental health and physical structure as well as cognitive, emotional, psychological and social development.
Course Start Date:	August 30 2021
Course End Date:	December 16 2021
Anticipated Class Size (40 or less):	30 or less
Please estimate the percentage of your students who speak Spanish well enough to have a basic conversation in that language?	0%; however some students may have taken a class in High School
Many COIL courses are interdisciplinary - if you wish, identify other disciplines that might make interesting COIL partners.	
Motivation for COIL – Why you would like to be part of this project? (up to 150-words)	I would like to learn more about the project to see how both parties could benefit from each other. We are all in the nature of learning and this could be a wonderful educational experience for myself and my students.
